Angela, Katherine, and Patty,

The Army Corps of Engineers has confirmed that June 30th will work for a meeting in Tyonek. Please mark your calendars accordingly.

I think we will need to set aside the whole day as we will probably be flying out of Anchorage in the morning and returning in the afternoon. When I spoke with Angela she indicated that she would like to have a meeting in the morning (10 or 11?) with EPA, the Corps, and NVT Council, followed by a broader community meeting in the afternoon. If I get the ok from NVT (council meeting the second week of May?), I will also be inviting the other Cook Inlet Tribes to the afternoon meeting.

I will coordinate with Angela on the logistics of travel and the timing of the meetings, and will send out another email with the additional details in the next week or two.

In the interim, contact me with any questions. Thanks.
